Greetings Organizers!

If you attended the Organizer/Publicity Workshop at the 2014 International Convention in Grand Rapids, MI, you recognize the “Easy Button”. As we shared many ways to “Grow Questers”, we heard “That was EASY” from the Easy Button…and it is EASY! Be sure to read all of the new ideas on page 2 of this newsletter and you, too, can say “That WAS easy!”

A HUGE thank you goes to each of you for all of your dedication, enthusiasm, and efforts during the last two years to “Grow Questers”!. Your friendships will be everlasting as I have loved serving as your International First Vice President. However, there is a fantastic and excited Quester, Lorraine Jeffus, who is very eager to share her creative and innovative ideas with you. You will be impressed with and really enjoy Lorraine’s leadership!

I wish you every success as you continue to “Grow Questers” and to preserve our past for the future. And remember… it is EASY!

Happy “Questering” to each of you,
Ginger

**** "THE QUESTERS MATTERS" ****

Another success story comes from Arizona. A meeting was held in January, in Sun City, with the express purpose of providing information regarding Questers to a group of interested people. It was planned and promoted, through personal contact, phone calls and emails by two Questers who live in Sun City. They were surprised (and very pleased) when the informational meeting turned into an organizational meeting. Before long, the prospective members were paying dues and some were volunteering to serve as officers and setting the next meeting date. Wow! Eleven (11) charter members selected the name Kachinas and were ready to see some action. Perhaps the 9 women who joined the new chapter were amazed and delighted that two men volunteered to join also.

The chapter members were anxious to get funds for the treasury. At the third meeting, a white elephant sale, just among members, built funds. Then a garage sale was held, and since the public came, all that money went into the future P & R project.

After the membership toured the historic Henry Wickenburg house and learned about the town of Wickenburg’s history, Kachinas voted to adopt the Henry Wickenburg House as their P & R project, in cooperation with the Wickenburg Pioneer chapter, which was only organized in 2013.
